

2025 Blue Cross and Blue Shield Service Benefit Plan - Standard and Basic Option**Section 1. How This Plan Works****How we pay professional and facility providers**

How we pay professional and facility providers

We pay benefits when we receive a claim for covered services. Each Local Plan contracts with hospitals and other healthcare facilities, physicians, and other healthcare professionals in its service area, and is responsible for processing and paying claims for services you receive within that area. Many, but not all, of these contracted providers are in our PPO (Preferred) network.

- **PPO providers.** PPO (Preferred) providers have agreed to accept a specific negotiated amount as payment in full for covered services provided to you. **We refer to PPO facility and professional providers as “Preferred.”** They will generally bill the Local Plan directly, who will then pay them directly. You do not file a claim. Your out-of-pocket costs are generally less when you receive covered services from Preferred providers, and are limited to your coinsurance or copayments (and, under **Standard Option** only, the applicable deductible).
- **Participating providers.** Some Local Plans also contract with other providers that are not in our Preferred network. **If they are professionals, we refer to them as “Participating” providers. If they are facilities, we refer to them as “Member” facilities.** They have agreed to accept a different negotiated amount than our Preferred providers as payment in full. They will also generally file your claims for you. They have agreed not to bill you for more than your applicable deductible, and coinsurance or copayments, for covered services. We pay them directly, but at our Non-preferred benefit levels. Your out-of-pocket costs will be greater than if you use Preferred providers.

Note: Not all areas have Participating providers and/or Member facilities. To verify the status of a provider, please contact the Local Plan where the services will be performed.

- **Non-participating providers.** Providers who are not Preferred or Participating providers do not have contracts with us, and may or may not accept our allowance. **We refer to them as “Non-participating providers” generally, although if they are facilities we refer to them as “Non-member facilities.”** When you use Non-participating providers, you may have to file your claims with us. We will then pay our benefits to you, and you must pay the provider.

You must pay any difference between the amount Non-participating providers charge and our allowance (except in certain circumstances – see NSA in Section 4). In addition, you must pay any applicable coinsurance amounts, copayment amounts, amounts applied to your calendar year deductible, and amounts for noncovered services. **Important: Under Standard Option, your out-of-pocket costs may be substantially higher when you use Non-participating providers than when you use Preferred or Participating providers.** Under Basic Option, you must use Preferred providers to receive benefits. See Section 3 for the exceptions to this requirement.

Note: In Local Plan areas, Preferred providers and Participating providers who contract with us will accept 100% of the Plan allowance as payment in full for covered services. As a result, you are only responsible for applicable coinsurance or copayments (and, under **Standard Option** only, the applicable deductible), for covered services, and any charges for noncovered services.

- **Pilot Programs.** We may implement pilot programs in one or more Local Plan areas and overseas to test the feasibility and examine the impact of various initiatives. The pilot programs do not affect all Plan areas. Information on specific pilots is not published in this brochure; it is communicated to members and network providers in accordance with our agreement with OPM. Certain pilot programs may incorporate benefits that are different from those described in this brochure. For example, certain pilot programs may revise the Plan Allowance for Non-participating providers described in Section 10 of this brochure.
